

ICCONS Puzzle Packers

ICCONS Puzzle Packers are designed for packing and aligning of windows, doors, cabinetry, machinery and equipment. ICCONS Puzzle Packers are strong, durable and made from polypropylene. ICCONS Puzzle Packers are intended for internal/protected applications and not designed for UV exposure.

Engineered with patented design, Puzzle Packers are changing the way packers are used on site. The LOCK & EXTEND and MIX & STACK features deliver lengths and thicknesses where traditional packers fall short.

Features:

- Colour coded for easy thickness selection
- Lock and extended 75mm-140mm
- Alternate and Stack to >10mm
- Only 1 x Packer Tub required vs traditional 75mm, 90mm and 140mm packers
- Interlocking design means packers don't slip and fall down voids
