Plenum rated

# All-in-one clamp "Direct Strut Installation" No accessories and tools needed

- Reduced labour cost
- Thermal and electrical resistivity
- Non-magnetic
- Chemical resistance
- Halogen-free & phosphate-free
- Rusting and Corrosion inhibition

Part No.	Description	qty
QC-918SSC	Quick Clip self-locking pipe clamp 14-18 mm for strut (918SSC)	50
QC-925SSC	Quick Clip self-locking pipe clamp 20-25 mm for strut (925SSC)	25
QC-932SSC	Quick Clip self-locking pipe clamp 26-32 mm for strut (932SSC)	25

Designed by CELO this unique system is made of PA6 high technical nylon. The Quick Clip System is the system to fix pipes and conduits. Lock the Quick Clip Clamp by hand in a snap. When installing into metal strut SSC must be installed using at least 14 gauge (1,9mm) metal strut.

**Why put up with  
corroded clips,  
ICCONS Quick Clip  
is the answer!**
